Chief Compliance Officer**

This brochure provides information about the qualifications and business practices of Centerline Wealth Advisors, LLC. If clients have any questions about the contents of this brochure, please contact us at (502)242-1561. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority. Additional information about our firm is also available on the SEC's website at www.adviserinfo.sec.gov by searching CRD #164485.

Please note that the use of the term "registered investment adviser" and description of our firm and/or our associates as "registered" does not imply a certain level of skill or training. Clients are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise clients for more information on the qualifications of our firm and our employees.

Item 2: Material Changes

Centerline Wealth Advisors, LLC is required to make clients aware of information that has changed since the last annual update to the Firm Brochure (“Brochure”) and that may be important to them. Clients can then determine whether to review the brochure in its entirety or to contact us with questions about the changes.

Since the last annual amendment filed on 01/14/2022, we have the following material changes to disclose:

- If agreed upon in the signed advisory agreement, our firm will manage client account(s) that are held at a custodian that is not directly accessible by our firm using the Pontera Order Management System (“Pontera”). Pontera enables our firm to view and manage held away accounts. The advisory fee payable for any held away accounts will be deducted directly from another client account. If there are insufficient funds available in another client account or our firm believes that deducting the advisory fee from another client account would be prohibited by applicable law, our firm will invoice the client directly. Please see Items 4 & 5 for additional information.
- We have amended Items 4 and 5 to disclose that our firm has started offering a Biz2Beach® Exit Planning Services as part of our Financial Planning & Consulting services. Please see Items 4 and 5 for additional information.

Item 4: Advisory Business

Our firm is dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company located in Kentucky and formed under the laws of the State of Delaware in 2015. We have been in business as an investment adviser since that time. Our firm is wholly owned by Andrew W. Arnold.

The purpose of this Brochure is to disclose the conflicts of interest associated with the investment transactions, compensation and any other matters related to investment decisions made by our firm or its representatives. As a fiduciary, it is our duty to always act in the client's best interest. This is accomplished in part by knowing our client. Our firm has established a service-oriented advisory practice with open lines of communication for many different types of clients to help meet their financial goals while remaining sensitive to risk tolerance and time horizons. Working with clients to understand their investment objectives while educating them about our process, facilitates the kind of working relationship we value.

Our firm has entered into a contractual relationship with Dynasty Financial Partners, LLC ("Dynasty"), which provides our firm with operational and back office support including access to a network of service providers. Through the Dynasty network of service providers, our firm may receive preferred pricing on trading technology, reporting, custody, brokerage, compliance and other related services. Dynasty charges a "Platform Fee," which, unless otherwise disclosed, is included in our firm's annual investment management fee described in Item 5 below. In addition, Dynasty's subsidiary, Dynasty Wealth Management, LLC ("DWM") is an SEC registered investment adviser, that provides access to a range of investment services including: separately managed accounts ("SMA"), mutual fund and ETF asset allocation strategies, and unified managed accounts ("UMA") managed by external third party managers (collectively, the "Investment Programs"). Our firm and its clients may separately engage the services of Dynasty and/or its subsidiaries to access the Investment Programs. Under the SMA and UMA programs, our firm will maintain the ability to select the specific, underlying third party managers that will, in turn, have day-to-day discretionary trading authority over the requisite client assets.

DWM sponsors an investment management platform (the "Platform" or the "TAMP") that is available to the advisers in the Dynasty Network, such as our firm. Through the Platform, DWM and Dynasty collectively provide certain technology, administrative, operations and advisory support services that allow advisers to manage their own portfolios and access independent third-party managers that provide discretionary services in the form of traditional managed accounts and investment models. Advisers can allocate all or a portion of client assets among the different independent third-party managers via the Platform. Advisers may also use the model management feature of the TAMP by creating their own asset allocation model and underlying investments that comprise the model. Through the model management feature, advisers may be able to outsource the implementation of trade orders and periodic rebalancing of the model when needed.

Our firm will maintain the direct contractual relationship with each client and obtain, through such agreements, the authority to engage independent third-party managers, DWM and/or Dynasty, as applicable, for services rendered through the Platform in service of such client. Our firm may delegate discretionary trading authority to DWM and/or independent third-party managers to effect investment and reinvestment of client assets with the ability to buy, sell or otherwise effect

investment transactions and allocate client assets. If a client is participating in certain Investment Programs, DWM or the designated manager, as applicable, is also authorized without prior consultation of our firm or the client to buy, sell, trade or allocate such client's assets in accordance with the client's designated portfolio and to deliver instructions to the designated broker-dealer and/or custodian of such client's assets.

Types of Advisory Services Offered

Wealth Management Services:

As part of our Comprehensive Portfolio Management service clients will be provided asset management and financial planning or consulting services. This service is designed to assist clients in meeting their financial goals through the use of a financial plan or consultation. Our firm conducts client meetings to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what is learned, an investment approach is presented to the client, consisting of individual stocks, bonds, ETFs, options, mutual funds, CDs, and other public and private securities or investments. Once the appropriate portfolio has been determined, portfolios are continuously and regularly monitored, and if necessary, rebalanced based upon the client's individual needs, stated goals and objectives. Upon client request, our firm provides a summary of observations and recommendations for the planning or consulting aspects of this service.

Our firm utilizes the sub-advisory services of a third party investment advisory firm or individual advisor to aid in the implementation of an investment portfolio designed by our firm. Before selecting a firm or individual, our firm will ensure that the chosen party is properly licensed or registered.

We may leverage the Pontera Order Management System ("Pontera") to implement investment selection and rebalancing strategies on behalf of clients for their held away accounts (i.e., accounts not directly held with our recommended custodian). Held away accounts primarily include 401(k) accounts, HSAs, 403bs, 529 education savings plans, 457 plans, profit sharing plans, and other assets not custodied with our recommended custodian. We regularly review the available investment options in these accounts, monitor them, and rebalance and implement our strategies in the same way that we do for other accounts, though using different tools as necessary. There may be a difference in the performance of our strategies of an account using Pontera in comparison to accounts held at our recommended custodian.

Financial Planning & Consulting:

Our firm provides a variety of standalone financial planning and consulting services to clients for the management of financial resources based upon an analysis of current situation, goals, and objectives. Financial planning services will typically involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass Biz2Beach® Exit Planning Services, Business Planning, Cash Flow Forecasting, Trust and Estate Planning, Financial Reporting, Investment Consulting, Insurance Planning, Retirement Planning, Risk Management, Charitable Giving, Distribution Planning, Tax Planning, and Manager Due Diligence.

Written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. Implementation of the recommendations will be at the discretion of the client. Our firm provides clients with a summary of their financial situation, and observations for financial planning

engagements. Assuming that all the information and documents requested from the client are provided promptly, plans or consultations are typically completed within 6 months of the client signing a contract with our firm.

Retirement Plan Consulting:

Our firm provides retirement plan consulting services to employer plan sponsors on an ongoing basis. Generally, such consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising may include:

- Establishing an Investment Policy Statement – Our firm will assist in the development of a statement that summarizes the investment goals and objectives along with the broad strategies to be employed to meet the objectives.
- Investment Options – Our firm will work with the Plan Sponsor to evaluate existing investment options and make recommendations for appropriate changes.
- Asset Allocation and Portfolio Construction – Our firm will develop strategic asset allocation models to aid Participants in developing strategies to meet their investment objectives, time horizon, financial situation and tolerance for risk.
- Investment Monitoring – Our firm will monitor the performance of the investments and notify the client in the event of over/underperformance and in times of market volatility.
- Participant Education – Our firm will provide opportunities to educate plan participants about their retirement plan offerings, different investment options, and general guidance on allocation strategies.

In providing services for retirement plan consulting, our firm does not provide any advisory services with respect to the following types of assets: employer securities, real estate (excluding real estate funds and publicly traded REITS), participant loans, non-publicly traded securities or assets, other illiquid investments, or brokerage window programs (collectively, “Excluded Assets”). All retirement plan consulting services shall be in compliance with the applicable state laws regulating retirement consulting services. This applies to client accounts that are retirement or other employee benefit plans (“Plan”) governed by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). If the client accounts are part of a Plan, and our firm accepts appointment to provide services to such accounts, our firm acknowledges its fiduciary standard within the meaning of Section 3(21) or 3(38) of ERISA as designated by the Retirement Plan Consulting Agreement with respect to the provision of services described therein.

Regulatory Assets Under Management

Our firm managed \$205,700,276 on a discretionary basis and \$2,112,503 on a non-discretionary basis as of December 31st, 2022.

Item 5: Fees & Compensation

Compensation for Our Advisory Services

Wealth Management Services:

Fees to be assessed will be outlined in the advisory agreement to be signed by the client. Annualized fees are billed on a pro-rata basis quarterly in advance based on the value of the account(s) on the last day of the previous billing period. The management fee generally varies between 50 and 200 basis points (0.50 %- 2.00 %), depending upon the amount of assets being managed by our firm as well as the complexity and scope of the engagement. The minimum management fees may be waived at discretion of management. Fees are negotiable and will be deducted from client account(s). Adjustments will be made for deposits and withdrawals in excess of \$10,000 during the quarter. Our firm bills on cash and cash equivalents. If the portfolio management agreement is executed at any time other than the first day of a calendar quarter, our fees will apply on a pro rata basis, which means that the management fee is payable in proportion to the number of days in the quarter for which you are a client. In rare cases, our firm will agree to directly invoice. As part of our fee deduction process, clients should understand the following:

- a) The client's independent custodian sends statements at least quarterly showing the market values for each security included in the Assets and all account disbursements, including the amount of the advisory fees paid to our firm;
- b) Clients will provide authorization permitting our firm to be directly paid by these terms. Our firm will send an invoice directly to the custodian; and
- c) If our firm sends a copy of our invoice to the client, the invoice will include a legend urging the comparison of information provided in our statement with those from the qualified custodian.

If agreed upon in the signed advisory agreement, our firm will manage client account(s) that are held at a custodian that is not directly accessible by our firm using Pontera. Pontera enables our firm to view and manage held away accounts. The advisory fee payable for any held away accounts will be deducted directly from another client account. If there are insufficient funds available in another client account or our firm believes that deducting the advisory fee from another client account would be prohibited by applicable law, our firm will invoice the client directly.

Financial Planning & Consulting:

Our firm charges on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee charged, is based on the scope and complexity of our engagement with the client. Flat fees are negotiable and will not exceed \$25,000. Our firm may require an upfront retainer of 50% of the ultimate financial planning or consulting fee at the time of signing. The remainder of the fee will be directly billed to the client upon delivery of the financial plan or completion of the agreed upon services. Our firm will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 months. The fee-paying arrangement will be detailed in the signed agreement.

For Biz2Beach® Exit Planning Services, our firm charges an annual fee, charged quarterly in advance, based upon the gross revenue of the client's business as of the last day of the prior operating quarter

in accordance with the fee schedule outlined in the Financial Planning Agreement to be signed by the client. The fee ranges from 40-200 basis points (0.4%-2.00%) depending on the revenue of the business and number of business owners, with a minimum annual fee of \$10,000.

Biz2Beach® Exit Planning Services clients are responsible for providing our firm with profit & loss figures or equivalent information for their business as of the last day of the prior operating quarter and as of the last day of each calendar year thereafter. Our firm will reassess the Centerline fee on an annual basis based on the client's business gross revenue as of the last day of the prior operating quarter. Our firm will directly invoice clients. Client's payment shall be due within 30 days. If client does not provide payment within 30 days, our firm will pause work until the payment is made. Our firm's invoice will include Centerline's fee and the additional owner fee, which is also charged quarterly in advance based on the number of each additional owners of the client's business.

Retirement Plan Consulting:

Our Retirement Plan Consulting services are billed on a fee based on the percentage of Plan assets under management. The total estimated fee, as well as the ultimate fee charged, is based on the scope and complexity of our engagement with the client. Fees based on a percentage of managed Plan assets will not exceed 1.00%. The fee-paying arrangements will be determined on a case-by-case basis and will be detailed in the signed consulting agreement.

Other Types of Fees & Expenses

Clients will incur transaction fees for trades executed by their chosen custodian. These transaction fees are separate from our firm's advisory fees and will be disclosed by the chosen custodian. Clients may also pay holdings charges imposed by the chosen custodian for certain investments, charges imposed directly by a mutual fund, index fund, or exchange traded fund, which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses) initial or deferred sales charges, mutual fund sales loads, 12b-1 fees, surrender charges, variable annuity fees, IRA and qualified retirement plan fees, mark-ups and mark-downs, spreads paid to market makers, fees for trades executed away from custodian, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. Our firm does not receive a portion of these fees. Charles Schwab & Co., Inc. ("Schwab") does not charge transaction fees for U.S. listed equities and exchange traded funds.

Termination & Refunds

Either party may terminate the advisory agreement signed with our firm for Wealth Management Services in writing at any time. In the event that the Wealth Management agreement is terminated, the fee for the final billing period will be prorated through the effective date of termination, and the outstanding or unearned portion of the fee will be charged or refunded to you, as appropriate.

Financial Planning & Consulting clients may terminate their agreement at any time before the delivery of a financial plan by providing written notice. For purposes of calculating refunds, all work performed by us up to the point of termination shall be calculated at the hourly fee currently in effect. Clients will receive a pro-rata refund of unearned fees based on the time and effort expended by our firm.

Either party to a Retirement Plan Consulting Agreement may terminate at any time by providing written notice to the other party. Full refunds will only be made in cases where cancellation occurs

within 5 business days of signing an agreement. After 5 business days from initial signing, either party must provide the other party 30 days written notice to terminate billing. Billing will terminate 30 days after receipt of termination notice. Clients will be charged on a pro-rata basis, which takes into account work completed by our firm on behalf of the client. Clients will incur charges for bona fide advisory services rendered up to the point of termination (determined as 30 days from receipt of said written notice) and such fees will be due and payable.

Commissionable Securities Sales

Representatives of our firm are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), member FINRA/SIPC. As such they are able to accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. Clients should be aware that the practice of accepting commissions for the sale of securities presents a conflict of interest and gives our firm and/or our representatives an incentive to recommend investment products based on the compensation received. Our firm generally addresses commissionable sales conflicts that arise when explaining to clients these sales create an incentive to recommend based on the compensation to be earned and/or when recommending commissionable mutual funds, explaining that "no-load" funds are also available. Our firm does not prohibit clients from purchasing recommended investment products through other unaffiliated brokers or agents.

Item 6: Performance-Based Fees & Side-By-Side Management

Our firm does not charge performance-based fees.

Item 7: Types of Clients & Account Requirements

Our firm has the following types of clients:

- Individuals
- Trusts
- Estates
- Pension and profit sharing plans
- Charitable organizations
- Corporations
- Business entities
- Labor Unions

Our firm has a minimum requirement of \$750,000 in investable assets for opening and maintaining accounts or otherwise engaging us. We reserve the right to waive this asset minimum at our discretion.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis

Our firm generally employs an asset allocation strategy based on a derivative of Modern Portfolio Theory. Modern Portfolio Theory (“MPT”) is a mathematical based investment discipline that seeks to quantify expected portfolio returns in relation to corresponding portfolio risk. The basic premise of MPT is that the risk of a particular holding is to be assessed by comparing its price variations against those of the market portfolio. However, MPT disregards certain investment considerations and is based on a series of assumptions that may not necessarily reflect actual market conditions. As such, the factors for which MPT does not account (e.g., tax implications, regulatory constraints and brokerage costs) may negate the upside or add to the actual risk of a particular allocation. Nevertheless, our firm’s investment process is structured in such a way to integrate those assumptions and real-life considerations for which MPT analytics do not account.

As discussed in Item 4, under a wealth management engagement, our firm primarily allocates client assets among various mutual funds, ETFs and Independent Managers in accordance with their stated investment objectives. Our firm consults with clients on an initial and ongoing basis to assess their specific risk tolerance, time horizon, liquidity constraints and other related factors relevant to the management of their portfolios.

Investment Strategies We Use

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Margin Transactions;

Preferred Securities

We prefer to invest our advisory client’s in the following securities in managing client accounts, provided that such securities are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- ETF’s
- Mutual Funds
- Individual Securities
- Municipal Bonds
- Corporate Bonds
- CDs

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and the account(s) could enjoy a gain, it is also possible that the stock market may decrease and the account(s) could suffer a loss. It is important that clients understand the risks associated with investing in the stock market, and that their assets are appropriately diversified in investments. Clients are encouraged to ask our firm any questions regarding their risk tolerance.

ESG Investing - ESG Investing maintains a focus on Environmental, Social, and Governance issues. ESG investing may be referred to in many different ways, such as sustainable investing, socially responsible investing, and impact investing. ESG practices can include, but are not limited to, strategies that select companies based on their stated commitment to one or more ESG factors; for example, companies with policies aimed at minimizing their negative impact on the environment, social issues, or companies that focus on governance principles and transparency. ESG practices may also entail screening out companies in certain sectors or that, in the view of the investor, demonstrate poor management of ESG risks and opportunities or are involved in issues that are contrary to the investor's own principles.

Risks associated with ESG Investing include:

- *Lack of Standardization Risk:* Variability and imprecision of industry ESG definitions and terms can create confusion among investors if investment advisers and funds have not clearly and consistently articulated how they define ESG criteria and how they use ESG-related terms, especially when offering products or services to retail investors. Additionally, actual portfolio management practices of investment advisers and funds may not be consistent with their disclosed ESG investing processes or investment goals.
- *Implementation Risk:* Actual implementation of ESG investment practices may result in:
 - The actual implementation practices differing from client disclosures in required documents (*e.g.*, Form ADV Part 2A) and other client/investor-facing documents (*e.g.*, advisory agreements, offering materials, responses to requests for proposals, and due diligence questionnaires). For example, a firm that claims adherence to global ESG frameworks may lack adherence to these standards during their day-to-day trading activities.
 - A firm holding funds that are predominated by issuers with low ESG scores.
 - A firm not having adequate controls around implementation and monitoring of clients' negative screens (*e.g.*, prohibitions on investments in certain industries, such as alcohol, tobacco, or firearms), especially if the directives were ill-defined, vague, or inconsistent.
 - A firm not having adequate systems to consistently and reasonably track and update clients' negative screens leading to the risk that prohibited securities could be included in client portfolios.
 - Client preferences to favor certain industries or issuers not being effectuated because of challenges with implementation and monitoring, despite contrary marketing claims touting processes for implementing clients' positive screens.
- *Proxy Voting Risk:* Inconsistencies between public ESG-related proxy voting claims and internal proxy voting policies and practices may occur such as public statements that ESG-related proxy proposals would be independently evaluated on a case-by-case basis to maximize value, while internal guidelines generally do not provide for such case-by-case analysis.

- *Disclosure Risk:* Lack of policies and procedures to ensure firms obtained reasonable support for ESG-related marketing claims, and inadequate policies and procedures regarding oversight of ESG-focused sub-advisers is also a risk. Firms have also had difficulties in substantiating adherence to stated investment processes, such as supporting claims made to clients that each fund investment had received a high score for each separate component of ESG (*i.e.*, environmental, social, and governance), when relying instead on composite ESG scores provided by a sub-adviser.

Description of Material, Significant or Unusual Risks

Our firm generally invests client cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, our firm tries to achieve the highest return on client cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to our Wealth Management Services, as applicable.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

Representatives of our firm are registered representatives of PKS, member FINRA/SIPC. As a result of these transactions, they receive normal and customary commissions. A conflict of interest exists as these commissionable securities sales create an incentive to recommend products based on the compensation earned. To mitigate this potential conflict, our firm will act in the client's best interest.

Representatives of our firm are insurance agents/brokers. They offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest exists as these insurance sales create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn. To mitigate this potential conflict, our firm will act in the client's best interest.

Our firm maintains a business relationship with Dynasty Financial Partners, LLC ("Dynasty"), which provides our firm with operational and back office support including access to a network of service providers. Through the Dynasty network of service providers, our firm has access to trading technology, transition support, reporting, custody, brokerage, investments, compliance and other related services. Our firm may also engage and/or recommend Dynasty's subsidiary, Dynasty Wealth Management LLC, a registered investment adviser, to clients for certain outsourced investment services, such as separate account management, asset allocation strategies and externally managed investment programs. While our firm believes this open architecture structure for both operational and investment services best serves the interests of its advisory clients, this relationship may potentially present certain conflicts of interest due to the fact that Dynasty retains a portion of the

platform or other third party fees paid by our firm or clients for the services referenced above. In light of the foregoing, our firm seeks at all times to ensure that any material conflicts are addressed on a fully-disclosed basis and handled in a manner that is aligned with its clients' best interests. Our firm does not receive any portion of the fees paid directly to Dynasty, its affiliates or the service providers made available through Dynasty's platform. In addition, our firm reviews all such relationships, including the service providers engaged through Dynasty, on an ongoing basis in an effort to ensure clients are receiving competitive rates in relation to the quality and scope of the services provided.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is the underlying principle for our firm's Code of Ethics, which includes procedures for personal securities transaction and insider trading. Our firm requires all representatives to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment with our firm, and at least annually thereafter, all representatives of our firm will acknowledge receipt, understanding and compliance with our firm's Code of Ethics. Our firm and representatives must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Our firm recognizes that the personal investment transactions of our representatives demands the application of a Code of Ethics with high standards and requires that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, our firm also believes that if investment goals are similar for clients and for our representatives, it is logical, and even desirable, that there be common ownership of some securities.

In order to prevent conflicts of interest, our firm has established procedures for transactions effected by our representatives for their personal accounts¹. In order to monitor compliance with our personal trading policy, our firm has quarterly securities transaction reporting system for all of our representatives.

Neither our firm nor a related person recommends, buys or sells for client accounts, securities in which our firm or a related person has a material financial interest without prior disclosure to the client.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Likewise, related persons of our firm buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day unless included in a block trade.

In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account.

Item 12: Brokerage Practices

Selecting a Brokerage Firm

While our firm does not maintain physical custody of client assets, we are deemed to have custody of certain client assets if given the authority to withdraw assets from client accounts (see *Item 15 Custody*, below). Client assets must be maintained by a qualified custodian. Our firm seeks to recommend a custodian who will hold client assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. The factors considered, among others, are these:

- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation
- Quality of services

With this in consideration, our firm has an arrangement with Schwab Advisor Services ("Schwab"), a qualified custodian from whom our firm is independently owned and operated. Schwab offers services to independent investment advisers which includes custody of securities, trade execution, clearance and settlement of transactions. Schwab enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Schwab does not charge client accounts separately for custodial services. Client accounts will be charged transaction fees, commissions or other fees on trades that are executed or settle into the client's custodial account. Transaction fees may be charged via individual transaction charges. These fees are negotiated with Schwab and are generally discounted from customary retail commission rates. This benefits clients because the overall fee paid is often lower than would be otherwise.

Schwab may make certain research and brokerage services available at no additional cost to our firm. Research products and services provided by Schwab may include: research reports on recommendations or other information about particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by Schwab to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services qualify for the safe harbor exemption defined in Section 28(e) of the Securities Exchange Act of 1934.

Schwab does not make client brokerage commissions generated by client transactions available for our firm's use. The aforementioned research and brokerage services are used by our firm to manage accounts for which our firm has investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As part of our fiduciary duty to our clients, our firm will endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons creates a potential conflict of interest and may indirectly influence our firm's choice of Schwab as a custodial recommendation. Our firm examined this potential conflict of interest when our firm chose to recommend Schwab and have determined that the recommendation is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

Our clients may pay a transaction fee or commission to Schwab that is higher than another qualified broker dealer might charge to effect the same transaction where our firm determines in good faith that the commission is reasonable in relation to the value of the brokerage and research services provided to the client as a whole.

In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Although our firm will seek competitive rates, to the benefit of all clients, our firm may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Soft Dollars

Our firm may receive without cost from Schwab computer software and related systems support, which allows our firm to better monitor client accounts maintained at Schwab. Our firm may receive the software and related support without cost because our firm renders investment management services to clients that maintain assets at Schwab. The software and support is not provided in connection with securities transactions of clients (i.e., not "soft dollars"). The software and related systems support may benefit our firm, but not its clients directly. In fulfilling its duties to its clients, our firm endeavors at all times to put the interests of its clients first. Clients should be aware, however, that our firm's receipt of economic benefits from a broker/dealer creates a conflict of interest since these benefits may influence our firm's choice of broker/dealer over another that does not furnish similar software, systems support or services.

Among others, our firm may receive the following benefits from Schwab:

- A certain amount of funding in credits to be used toward qualifying third-party service providers used in connection with the initial set up of our firm's research, technology and software platforms. The amount credited will depend on the amount of assets that our firm has on Schwab's platform, which is a conflict of interest since this creates an incentive for our firm to recommend Schwab;
- Receipt of duplicate client confirmations and bundled duplicate statements;
- Access to a trading desk that exclusively services its institutional traders;
- Access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to client accounts; and
- Access to an electronic communication network for client order entry and account information.

Our firm's clients may receive additional benefits from Schwab in the form of reimbursements of certain transfer fees, the receipt of which are conditioned upon our firm bringing over a certain level of assets to Schwab. A conflict of interest exists because these benefits provide an incentive for our firm to recommend Schwab especially because benefits are contingent upon clients transferring a certain amount of assets to Schwab.

Client Brokerage Commissions

In addition to the benefits described above, Schwab also makes available to our firm other products and services that benefit our firm. These benefits may include national, regional or investment adviser specific educational events organized and/or sponsored by Schwab. Other potential benefits may include occasional business entertainment of personnel of our firm by Schwab personnel, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Some of these products and services assist our firm in managing and administering clients' accounts. These include software and other technology (and related technological training) that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of our fees from clients' accounts, and assist with back-office training and support functions, recordkeeping and client reporting. Many of these services may be used to service all or some substantial number of our accounts, including accounts not maintained at Schwab. Schwab also makes available to our firm other services intended to help our firm manage and further develop our business enterprise. These services may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance, and marketing. Schwab may also make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties. Schwab may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. While, as a fiduciary, our firm endeavors to act in our clients' best interests, our recommendation/requirement that clients maintain their assets in accounts at Schwab may be based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost, or quality of custody and brokerage services provided by Schwab, which creates a potential conflict of interest.

As a result of receiving such products and services for no cost, our firm may have an incentive to continue to place client trades through broker-dealers that offer soft dollar arrangements/the aforementioned services and products. This interest conflicts with the clients' interest of obtaining the lowest commission rate available. Therefore, our firm must determine in good faith, based on the best execution policy stated above that such commissions are reasonable in relation to the value of the services provided by such executing broker-dealers.

Client Transactions in Return for Soft Dollars

All soft dollar arrangements must be approved in writing by our Chief Compliance Officer. A brief description of the purpose of the soft dollar arrangement outlining the benefits received by our firm and clients along with any noted concerns about increased costs to our clients and how such concerns were alleviated will be maintained on file. Our Chief Compliance Officer undertakes a review of parties which propose to pay our firm in soft dollars and analyzes a number of criteria. When deciding whether to approve or disapprove of a soft dollar relationship, the following criteria is reviewed: the broker-dealer's business reputation and financial position and our ability to consistently execute orders professionally and on a cost effective basis, provide prompt and accurate execution reports, prepare timely and accurate confirms, deliver securities or cash proceeds promptly and provide meaningful research services that are useful to us in investment decision-making or other desired and appropriate services. Our Chief Compliance Officer also annually reviews all our soft dollar relationships for appropriateness, benefits to our clients, etc.

At times, a product or service our firm would like to purchase with soft dollars may have a "mixed use", meaning that a portion of the product is used to provide bona fide research as part of the investment decision-making process and part of it may be used for a non-research purpose. In these situations, our Chief Compliance Officer will make a pro-rata allocation of the cost of such service based on our evaluation of the research and non-research uses of the product. The cost of the product must be paid using both hard and soft dollars, the hard dollars being paid by our firm for the non-research portion and soft dollars for the research portion. For services that have a "mixed use", our Chief Compliance Officer will make a fair and reasonable determination as to how much of the cost may be paid with soft dollars. The basis for such determination shall be documented and will include an explanation as to how the computation of such percentage was reached. Our Chief Compliance Officer's computation shall be retained in our firm's files along with any records used to determine the "mixed use" percentages. Whenever there is a substantial change in the use of "mixed use" services, our Chief Compliance Officer will reevaluate such services. Providers of services that have a "mixed use" will be directed to either bill the paying broker for such service and the broker will be directed to bill us for the non-research portion, or to send separate bills to us and the paying broker for the appropriate amounts.

As a fiduciary, our firm has an obligation to obtain "best execution" of clients' transactions under the circumstances of the particular transaction. Consequently, notwithstanding the safe harbor provided under Section 28(e) of the Securities Exchange Act of 1934, no allocation for soft dollar payments shall be made unless best execution of the transaction is reasonably expected to be obtained.

Brokerage for Client Referrals

Our firm does not receive brokerage for client referrals.

Directed Brokerage

In certain instances, clients may seek to limit or restrict our discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. Clients may seek to limit our authority in this area by directing that transactions (or some specified percentage of transactions) be executed through specified brokers in return for portfolio evaluation or other services deemed by the client to be of value. Any such client direction must be in writing (often through our advisory agreement), and may contain a representation from the client that the arrangement is permissible under its governing laws and documents, if this is relevant.

Our firm provides appropriate disclosure in writing to clients who direct trades to particular brokers, that with respect to their directed trades, they will be treated as if they have retained the investment discretion that our firm otherwise would have in selecting brokers to effect transactions and in negotiating commissions and that such direction may adversely affect our ability to obtain best price and execution. In addition, our firm will inform clients in writing that the trade orders may not be aggregated with other clients' orders and that direction of brokerage may hinder best execution.

Client-Directed Brokerage

Our firm allows clients to direct brokerage. Our firm may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, clients may pay higher brokerage commissions because our firm may not be able to aggregate orders to reduce transaction costs, or clients may receive less favorable prices.

Aggregation of Purchase or Sale

Our firm provides investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when our firm believes that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, our firm attempts to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

Our management personnel or financial advisors review accounts on at least an annual basis for our Wealth Management Services clients. The nature of these reviews is to learn whether client accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Our firm does not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when our Wealth Management Services clients are contacted.

Our firm may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. Our firm does not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately engage our firm for a post-financial plan meeting or update to their initial written financial plan.

Retirement Plan Consulting clients receive reviews of their retirement plans for the duration of the service. Our firm also provides ongoing services where clients are met with upon their request to discuss updates to their plans, changes in their circumstances, etc. Retirement Plan Consulting clients do not receive written or verbal updated reports regarding their plans unless they choose to engage our firm for ongoing services.

Item 14: Client Referrals & Other Compensation

Schwab Advisor Services

Our firm receives economic benefits from Schwab in the form of the support products and services made available to our firm and other independent investment advisors that have their clients maintain accounts at Schwab. These products and services, how they benefit our firm, and the related conflicts of interest are described above (*see Item 12 – Brokerage Practices*). The availability of Schwab's products and services is not based on our firm giving particular investment advice, such as buying particular securities for our clients.

Referral Fees

In accordance with Rule 206 (4)-1 of the Investment Advisers Act of 1940, our firm does not provide cash or non-cash compensation directly or indirectly to unaffiliated persons for testimonials or endorsements (which include client referrals).

Item 15: Custody

While our firm does not maintain physical custody of client assets (which are maintained by a qualified custodian, as discussed above), we are deemed to have custody of certain client assets if given the authority to withdraw assets from client accounts, as further described below under "Third Party Money Movement" All our clients receive account statements directly from their qualified custodian(s) at least quarterly upon opening of an account. We urge our clients to carefully review these statements. Additionally, if our firm decides to send its own account statements to clients, such statements will include a legend that recommends the client compare the account statements received from the qualified custodian with those received from our firm. Clients are encouraged to

raise any questions with us about the custody, safety or security of their assets and our custodial recommendations.

Third Party Money Movement:

On February 21, 2017, the SEC issued a no-action letter (“Letter”) with respect to Rule 206(4)-2 (“Custody Rule”) under the Investment Advisers Act of 1940 (“Advisers Act”). The letter provided guidance on the Custody Rule as well as clarified that an adviser who has the power to disburse client funds to a third party under a standing letter of instruction (“SLOA”) is deemed to have custody. As such, our firm has adopted the following safeguards in conjunction with our custodian:

- The client provides an instruction to the qualified custodian, in writing, that includes the client’s signature, the third party’s name, and either the third party’s address or the third party’s account number at a custodian to which the transfer should be directed.
- The client authorizes the investment adviser, in writing, either on the qualified custodian’s form or separately, to direct transfers to the third party either on a specified schedule or from time to time.
- The client’s qualified custodian performs appropriate verification of the instruction, such as a signature review or other method to verify the client’s authorization, and provides a transfer of funds notice to the client promptly after each transfer.
- The client has the ability to terminate or change the instruction to the client’s qualified custodian.
- The investment adviser has no authority or ability to designate or change the identity of the third party, the address, or any other information about the third party contained in the client’s instruction.
- The investment adviser maintains records showing that the third party is not a related party of the investment adviser or located at the same address as the investment adviser.
- The client’s qualified custodian sends the client, in writing, an initial notice confirming the instruction and an annual notice reconfirming the instruction.

Item 16: Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, our firm is authorized to execute securities transactions, determine which securities are bought and sold, and the total amount to be bought and sold. Should clients grant our firm non-discretionary authority, our firm would be required to obtain the client’s permission prior to effecting securities transactions. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm’s written acknowledgement.

Item 17: Voting Client Securities

Our firm does not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, our firm will forward them to the appropriate client and ask the party who sent them to

mail them directly to the client in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

We do not determine if securities held by you are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by you.

Item 18: Financial Information

Our firm does not require nor is prepayment solicited for more than \$1,200 in fees per client, 6 months or more in advance. Our firm does not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients. Our firm has never been the subject of a bankruptcy proceeding. Therefore, our firm is not required to include a balance sheet for our most recent fiscal year.

Chief Compliance Officer**

This brochure supplement provides information about Mr. Arnold that supplements our brochure. You should have received a copy of that brochure. Please contact Matthew Hunt if you did not receive Centerline Wealth Advisors, LLC's brochure or if you have any questions about the contents of this supplement. Additional information about Mr. Arnold is available on the SEC's website at www.adviserinfo.sec.gov by searching CRD #2424616.

Item 2: Educational Background & Business Experience

Andrew W. Arnold

Year of Birth: 1966

Educational Background:

- 1995; University of Louisville; MBA Business
- 1989; University of Louisville; BA in Communications

Business Background:

- 01/2015 – Present Centerline Wealth Advisors, LLC; Managing Member
- 01/2015 – Present Purshe Kaplan Sterling Investments, Inc.; Registered Representative
- 08/2000 – 01/2015 UBS Financial Services, Inc.; Financial Advisor
- 07/1995 – 08/2000 JC Bradford; Financial Advisor

Exams, Licenses & Other Professional Designations:

- 09/1995 Series 7
- 10/1995 Series 63
- 12/1999 Series 65
- 05/2019 Accredited Investment Fiduciary® (AIF®)
- 05/2020 Certified Exit Planning Advisor (CEPA)
- 06/1996 KY Life & Health Insurance

Accredited Investment Fiduciary® (AIF®)

The AIF Designation certifies that the recipient has specialized knowledge of fiduciary standards of care and their application to the investment management process. To receive the AIF Designation, the individual must meet prerequisite criteria based on a combination of education, relevant industry experience, and/or ongoing professional development, complete a training program, successfully pass a comprehensive, closed-book final examination under the supervision of a proctor and agree to abide by the Code of Ethics and Conduct Standards. In order to maintain the AIF Designation, the individual must annually attest to the Code of Ethics and Conduct Standards, and accrue and report a minimum of six hours of continuing education. The Designation is administered by the Center for Fiduciary Studies, the standards-setting body of fi360.

Certified Exit Planning Advisor (CEPA)

The CEPA designation is made available through the Exit Planning Institute (“EPI”). Candidates must have or be: (1) 5 years of full-time or equivalent experience working directly with business owners as a financial advisor, attorney, CPA, business broker, investment banker, commercial lender, estate planner, insurance professional, business consultant or in a related capacity; (2) Undergraduate degree from a qualifying institution; if no qualifying degree must submit additional professional work experience (2 years of relevant professional experience may be substituted for each year of required undergraduate studies); and (3) Exit Planning Institute member in good standing. The CEPA Program offers professionals an innovative learning experience, performance-enhancing resources, and the strategic tools to help advance their exit planning practice.

Renewing certificants must have completed a minimum of 40 hours of exit planning related professional development, or a minimum of 30 hours of exit planning related professional development plus 10 hours of qualifying leadership, authorship, and teaching activities contributing to the exit planning profession. Qualifying leadership activities include volunteer service as a chairman, Chair-Elect, or officer for committee service to a qualifying organization other than the applicant's employer. Renewal applicants must again agree in writing that they will adhere to the EPI Professional Standards and Code of Ethics, and must re-attest that they have not been convicted of a felony related to the practice of exit planning.

Item 3: Disciplinary Information¹

There are no legal or disciplinary events material to the evaluation of Mr. Arnold.

Item 4: Other Business Activities

Mr. Arnold is a registered representative of Purshe Kaplan Sterling Investments, Inc., member FINRA/SIPC, and licensed insurance agent. He may offer products and receive normal and customary commissions as a result of these transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation earned.

Mr. Arnold is also a licensed insurance agent/broker. He may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation earned. To mitigate this potential conflict, Mr. Arnold as a fiduciary, will act in the client's best interest.

Item 5: Additional Compensation

Mr. Arnold does not receive any other economic benefit for providing advisory services in addition to advisory fees.

Item 6: Supervision

Mr. Arnold is the sole principal and as such has no internal supervision placed over him. He is, however, bound by our firm's Code of Ethics.

¹ Note: Our firm may, under certain circumstances, rebut the presumption that a disciplinary event is material. If an event is immaterial, we are not required to disclose it. When we review a legal or disciplinary event involving the advisor to determine whether it is appropriate to rebut the presumption of materiality, we consider all of the following factors: (1) the proximity of advisor to the advisory function; (2) the nature of the infraction that led to the disciplinary event; (3) the severity of the disciplinary sanction; and (4) the time elapsed since the date of the disciplinary event. If we conclude that the materiality presumption has been overcome, we prepare and maintain a file memorandum of our determination in our records. We follow SEC rule 204-2(a)(14)(iii) and similar state rules.

- 06/2023 Certified Student Loan Professional, CSLP®
- 12/2020 CERTIFIED FINANCIAL PLANNER™, CFP®
- 03/2019 Series 66

CERTIFIED FINANCIAL PLANNER™, CFP®

The CFP® certification is obtained by completing an advanced college-level course of study addressing the financial planning subject areas that the CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, a comprehensive certification exam and agreeing to be bound by the CFP® board's Standard of Professional Conduct. As a prerequisite, the individual must have a Bachelor's degree from a regionally accredited United States college or university (or foreign university equivalent) and have at least 3 years of full time financial planning experience (or equivalent measured at 2,000 hours per year). This designation requires 30 hours of continuing education every 2 years and renewing an agreement to be bound by the Standards of Professional Conduct.

Certified Student Loan Professional, CSLP®

The Certified Student Loan Professional program is an online course and certification for licensed financial professionals. It helps advisors to accurately advise clients about student loan repayment within the scope of their financial goals. The CSLP® program is an online course and certification program for financial professionals who work with clients in areas such as planning, tax, insurance, and investments. In the program, advisors learn how to advise clients with student loans within the scope of their overall financial goals, present and future life scenarios.
